8 I Will Love You

(Altos)

I love You, I love You with all my heart Lord I give it back to You

(Sops)

Ooo I really do, I really do. Everything I have Lord I give it back to You

(Tenors)

Yes I do Lord, Yes I do Lord it's all Yours. I give it back to You

Verse

Teach me how to love

Love like You do

Open my heart I want them to see You

Show me the way, and what I should do

Let my life be a reflection of You

Your love for me remains a mystery

I'll never understand the capacity

Most people will love for what You can do but

You knew I could never repay it

and still so freely You gave it

And so I give it back to you

Chorus

I will love You, I will love You, I will love You,

With my whole heart

I will love You, I will love You, I will love You,

With my whole heart

Lord I give it back to You

I love You, I love You with all my heart Lord I give it back to You

Ooo I really do, I really do. Everything I have Lord I give it back to You

Yes I do Lord, Yes I do Lord it's all Yours. I give it back to You
