

# **WORSHIP WITHOUT APOLOGY**

## **#10 Love You Back To Life**

### **Verse**

So lonely, abused  
You've searched for love in the wrong place  
Frustrated, misused  
In need of a place that's safe

You have tried to fixed it on your own, it's impossible  
He will never leave You all alone  
Cause He just wants You to come home  
He's the way  
Can't you hear Him say

### **Chorus**

If you will believe in Me  
have faith so that you can see  
That I will consistently  
Love you back to life

I know every step you take  
Erased all of your mistakes  
I'll bless every plan you make  
Love you back to life  
Back to life

### **Bridge**

I can restore you back to life  
I can bring life to every dry place  
For every situation in your life  
my grace is sufficient

My grace is sufficient  
Ahhh  
my grace is sufficient
