Verse 1

I won't bow down to the sound of adversity
(I won't bow down to the sound of adversity)
Hard times they come and go I still have victory
(Hard times they come and go I still have victory)
Somehow even this is working out for my good I'm sure
(Somehow even this is working out for my good I'm sure)
Each and every day I am learning how to trust You more
(Each and every day I am learning how to trust You more)

Bridge

After all the things I've seen
all that I've endured
You have a plan for me
I'm very sure
I can pass this test no turning back

Pre-Chorus

If anybody ask you if I'm still serving
Here's my answer
Here's my answer
Here's my answer

Chorus

I still say Yes
Yes to Your will
I still say Yes
Yes to Your way
I still say
Yes Lord, yes Lord, Yes Lord
I still say yes

Verse 2

I put my trust in the name that's above all names
(I put my trust in the name that's above all names)
Anyone who trusts in You will never be put to shame

(Anyone who trusts in You will never be put to shame)
Somehow even this is working out for my good I'm sure
(Somehow even this is working out for my good I'm sure)
Each and every day I am learning how to trust You more
(Each and every day I am learning how to trust You more)
